Subject: Request for Municipal Support – Block Parent® Program in Barrie

Hello,

My name is Katie Roulier, and I am assisting with the coordination of the Block Parent® Program in Barrie, Ontario.

We are currently working to strengthen and formalize our local Block Parent Program in alignment with the standards of the Block Parent Program of Canada. As part of this process, we are seeking confirmation of support from the City of Barrie and Municipal Council.

The Block Parent Program is a long-standing, community-based safety initiative that provides children and families with visible, trusted places to turn in moments of need. Municipal support plays an important role in reinforcing the program's credibility, visibility, and long-term sustainability.

We would appreciate the opportunity to:

- Confirm the City's support of the Block Parent Program in Barrie
- Discuss any opportunities for collaboration related to community safety initiatives
- Identify the appropriate municipal contact for ongoing coordination

Thank you for your continued leadership and commitment to community well-being. We look forward to working together to help keep Barrie a safe and supportive place for children and families.

Sincerely,

Katie Roulier

Barrie, ON
